# CLASS®

*CLASS is a research-proven tool for measuring and improving teacher-child interactions—the single most important influence on children's learning in the classroom.*

## What Sets CLASS Apart

Many teacher assessment and professional development solutions exist, but only CLASS gives teachers the research-proven insights, skills, and strategies they need to address the most critical component of teaching quality: interactions.

### It's proven.

*Over 150 studies confirm that CLASS works. Children in classrooms with higher CLASS scores have better social, emotional, and academic outcomes.*

### It's established.

*Over 7,400 programs in all 50 US states and 30 countries worldwide have used CLASS to improve teaching quality.*

### It's flexible.

CLASS can be used effectively in programs of all sizes, at all age levels, and alongside any curriculum.
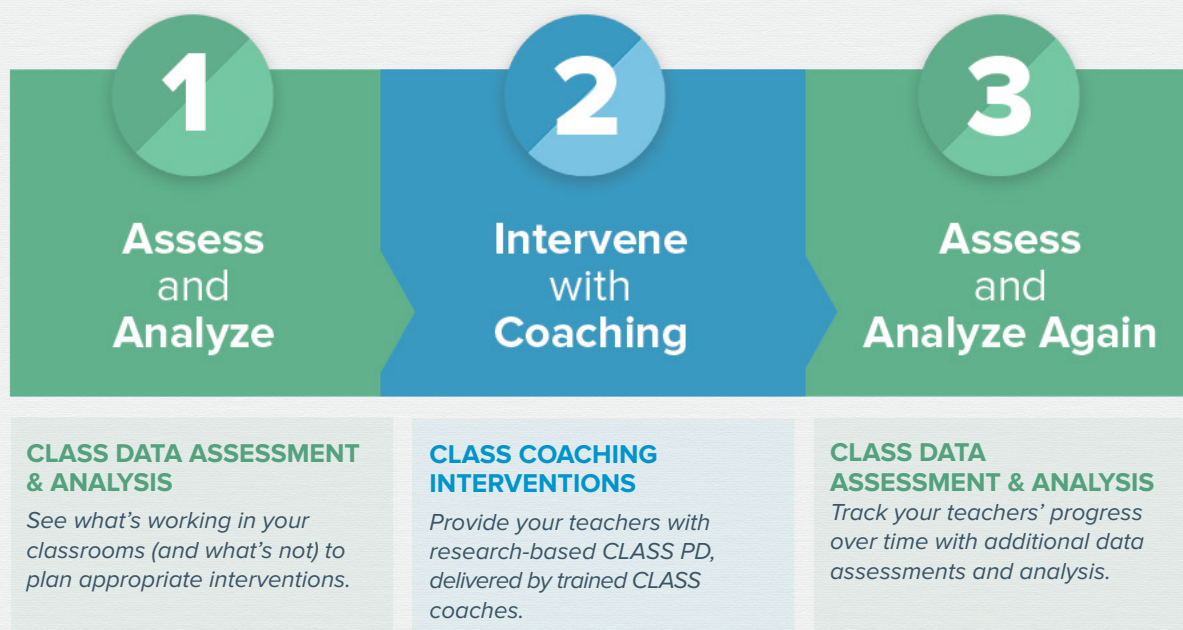

### It's systematic.

*CLASS provides a structured approach to teacher improvement through a proven 3-step methodology.*

# Improve Teaching with the CLASS Methodology

The CLASS methdology is a proven 3-step approach for improving teaching quality so that children achieve more—*now and for the rest of their lives*.

## 1 — Assess and Analyze

**CLASS DATA ASSESSMENT & ANALYSIS**

*See what's working in your classrooms (and what's not) to plan appropriate interventions.*

## 2 — Intervene with Coaching

**CLASS COACHING INTERVENTIONS**

*Provide your teachers with research-based CLASS PD, delivered by trained CLASS coaches.*

## 3 — Assess and Analyze Again

**CLASS DATA ASSESSMENT & ANALYSIS**

*Track your teachers' progress over time with additional data assessments and analysis.*
